

DVX™ EYEWEAR

RX READY, ANSI-RATED PROTECTION
FOR WORK, SPORT AND EVERYDAY

by

WILEY X

SAFETY WITH STYLE

DVX eyewear is lightweight and comfortable, but durable enough to withstand life on the job. Designed with style, DVX eyewear can be worn while working or relaxing, maximizing protective coverage.

FRAMES

DVX frames are made from a lightweight, virtually indestructible material that provides optimal tensile strength. There is no safer material for on-the-job or on-the-go protection. Most DVX styles have a double-injected rubber nose bridge and temple tips, for a snug fit even during high-sweat activities.

ANSI RATED

All DVX eyewear meets ANSI Z87.1 safety standards for high mass/high velocity impacts and optical clarity. To meet these requirements, every DVX lens must withstand the impact of a 1.1 lb. projectile dropped from 50". Furthermore, every lens and frame must withstand the impact of a .25 caliber steel ball fired at a rate of 150 FPS (equal to 102 miles per hour).

SIDE SHIELDS

DVX Side Shield models include ANSI Z87.1 safety rated removable side shields for increased on-the-job safety.

FIXED FOAM GASKETS

DVX Fixed Foam Gaskets block out irritants and peripheral light, protecting your eyes from wind, dust and pollen.

PRESCRIPTIONS

DVX frames can accommodate specially designed prescription lenses. Ask your Account Representative for more details. DVX Rx Rim System expands the eyewear's available prescription range.

SAFETY YOU CAN TRUST

Every DVX model is ANSI-rated and meets OSHA (Occupational Safety and Health Administration) requirements. With multiple lens options and custom features, there's a combination for every type of worker and every type of job.

LENSES

All DVX Sun + Safety lenses are made from shatterproof polycarbonate and come with a scratch-resistant hard coat to ensure the longevity of your eyewear. This polycarbonate is one of the world's most impact-resistant materials for safety in any situation.

Most DVX styles can be fitted with prescription lenses.

LENS ANATOMY

SILVER FLASH/POLARIZED SILVER FLASH:

Darkest lens DVX offers. Multi-coat, Z-Oxide mirror over smoke lenses. Reduces glare. Excellent on bright days. Light transmission: 12%, 13% Polarized.

GREY/POLARIZED GREY:

Maximum glare reduction. Won't distort colors. Excellent in bright/glare conditions. Light transmission: 14%, 12% Polarized.

BLUE MIRROR:

Multi-coat, green lenses. Absorb reflections across mirror surface, diminish glare. Ideal in bright conditions. Light transmission: 12%.

POLARIZED GREEN:

Maximum glare reduction without distorting colors. Great for general daytime use. Light transmission: 13%.

ORANGE:

Great light enhancing lens tint. Increased contrast in low to extremely low-light/hazy/dull conditions. Light transmission: 86%.

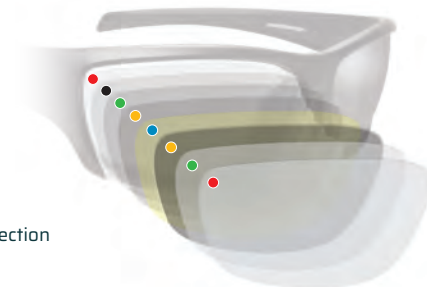

CLEAR:

Maximum light transmission. See precise color values. Hazy or overcast, dusk/dawn conditions. Light transmission: 89%.

8-LAYER POLARIZATION

Optical polarized lenses combine eight layers of technology:

- Two clear optical coatings
- Two polycarbonate layers
- Two scratch-resistant layers
- One anti-reflective coating
- One polarized film layer that provides 99.9% polarization with 100% UV protection

DVX 1-YEAR WARRANTY

All DVX Eyewear is warranted to the original purchaser for 1 year against manufacturing defect in materials and workmanship. If a defect is observed, a claim should be made immediately. The warranty does not apply to normal wear, including but not limited to scratched lenses, accidental damage, misuse and other issues determined by DVX Eyewear not to be a manufacturers defect. For Canadian residents the original purchaser must include a shipping, handling and processing fee of \$27.00USD (sorry, no checks) with any warranty claim. Tax where applicable will also accompany this processing fee.

Upon receiving returned eyewear that DVX Eyewear determines to be defective, eyewear will be repaired or replaced at DVX's option. Non-warranty repair services are available as it pertains to lenses or frames that are not covered under terms of warranty. DVX will email customers with their options and applicable costs and will make repairs upon acceptance. Items not covered under terms of warranty which are also not repairable, will be returned to the customer or destroyed at customer's option. For Canadian residents the \$27.00USD (plus applicable taxes) processing fee will not be charged.

To begin the warranty/repair evaluation process go to DVXEYEWEAR.COM then click Warranty. For additional information about the DVX 1 year warranty, call toll free 844-223-8363.

IMPORTANT:

DVX Eyewear WILL NOT Warranty, Return nor Exchange any product purchased through a non-authorized reseller of DVX Eyewear.

PRESCRIPTION FRAME WARRANTY

DVX Eyewear prescription sunglass warranties must be handled through authorized dealers. Warranty is for 1 year. Warranty is void if prescription was originally handled by ANY LAB other than authorized Rx Laboratories.

RETURN SHIPPING INFORMATION:

Please send all warranty items using a traceable shipping method, as DVX is not responsible for lost or damaged packages.

Returns should be mailed to:
Wiley X, Inc.
Attn: Returns Department
15755 Preston Road.
Frisco, TX 75033
